

Dean PC Full Fibre Network Construction Plan

DELIVERED BY

Funded by
UK Government

PROJECT GIGABIT

UK government's programme to deliver
fast, reliable broadband to hard-to-reach
places across the UK

Hyperfast GB will

- Deliver a £108 million broadband improvement contract for Cumbria
- Bring next generation broadband services for up to 60,000 homes and businesses
- Create a wholesale network

Rural wholesale network that is gap funded by UK Government's Project Gigabit funding.

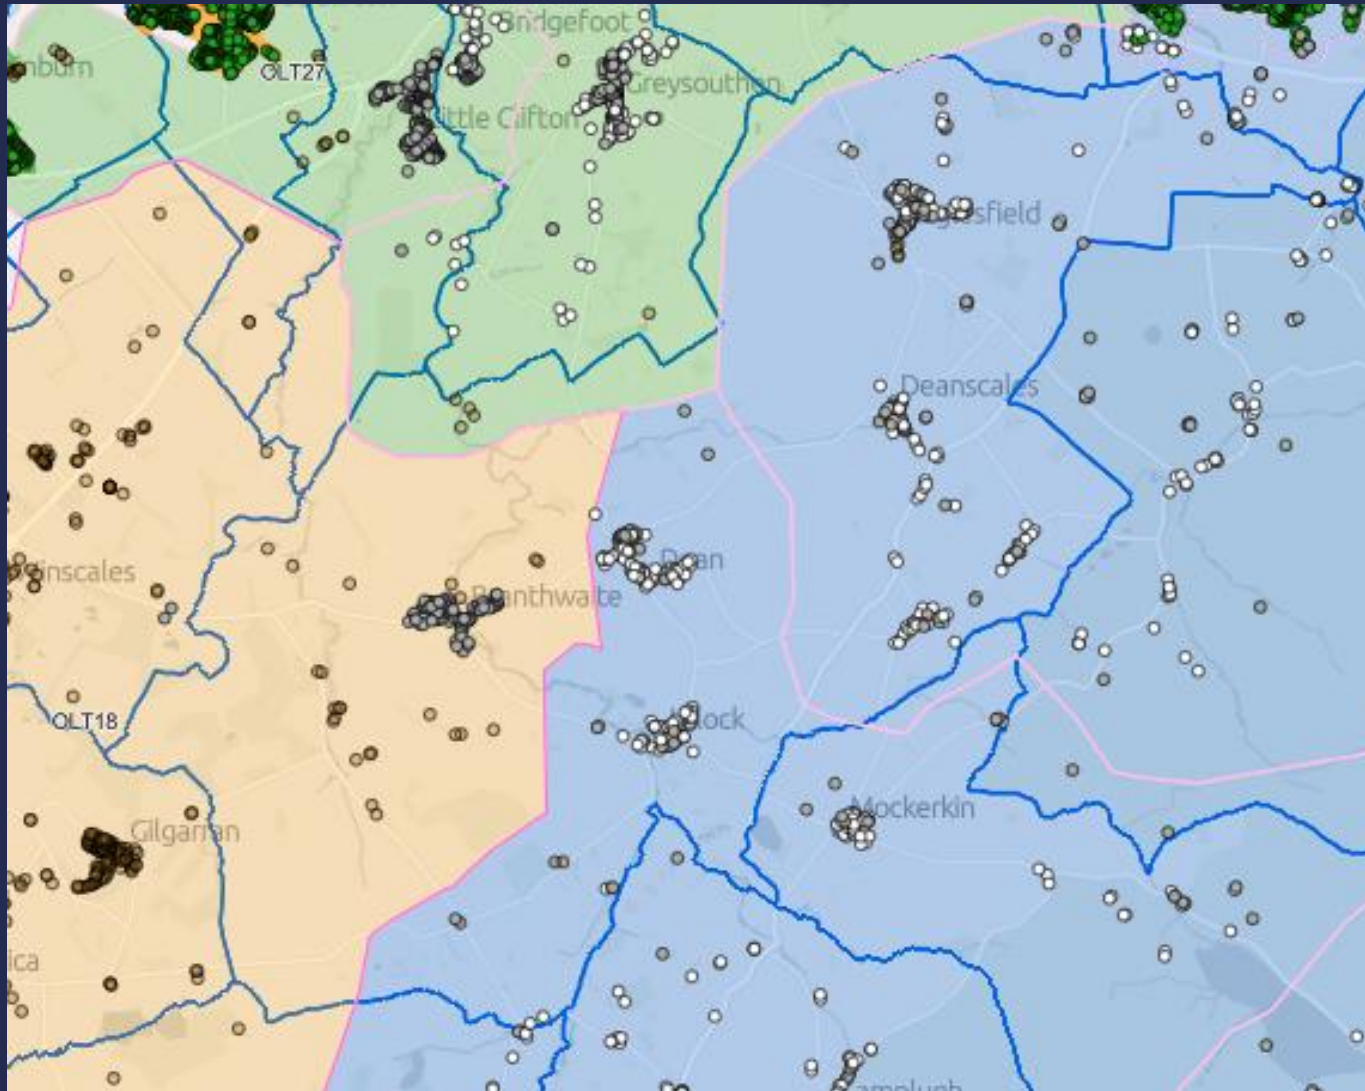

Hyperfast GB contract holder, also building its own commercial network in high population areas, including Penrith, Keswick, Cockermouth, Maryport, Wigton, and Dalson

Principal Contractor for building the network

Dean Parish Hyperfast GB connections

Dean Parish Hyperfast GB Connections

- 397 Initial Properties
- 72 Grey Properties

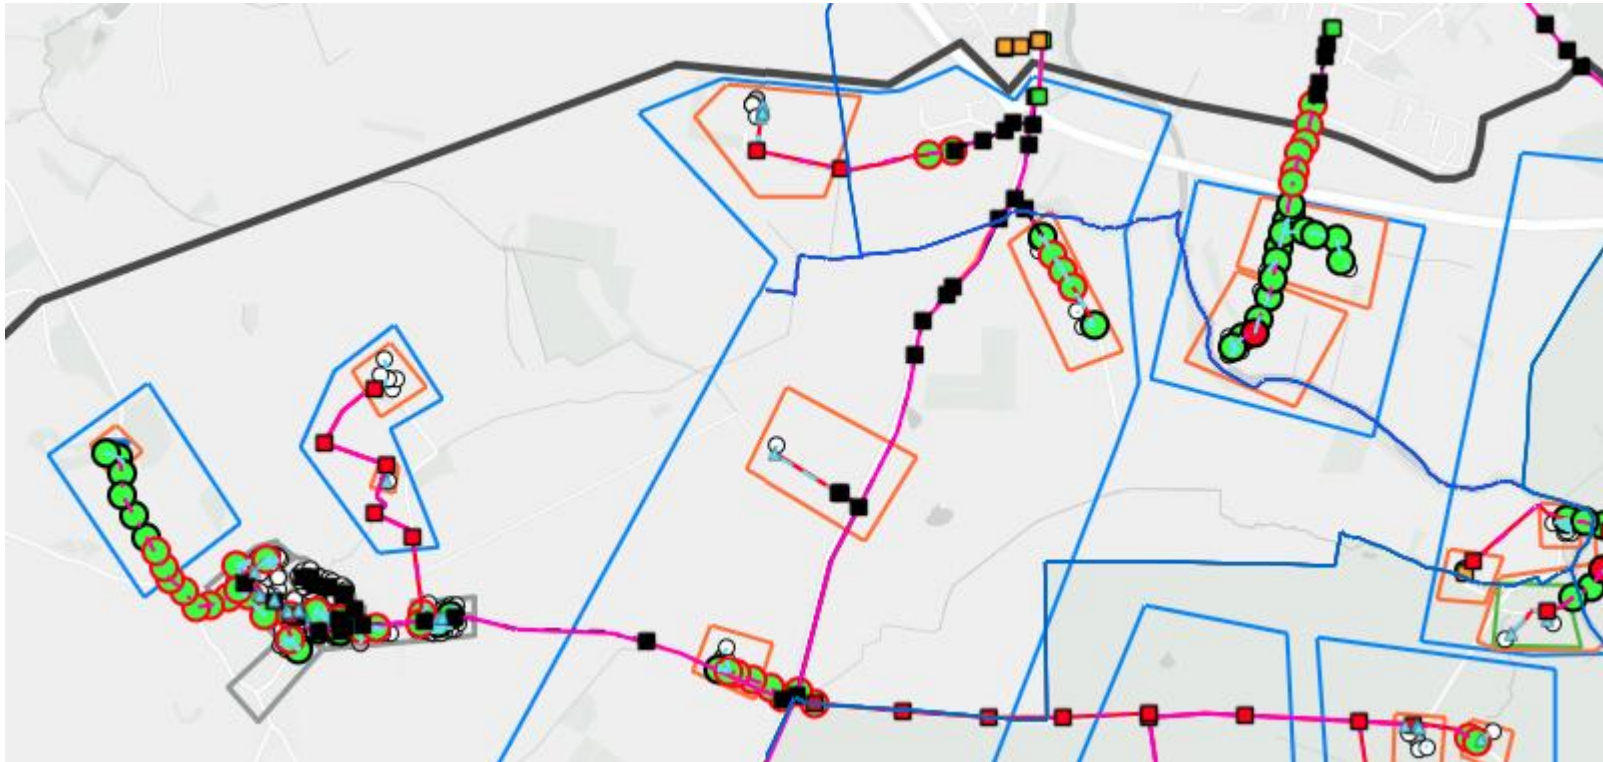

Initial properties is currently in the Hyperfast GB contract for delivery, grey properties are outside of the contract but we will provide a connection if we can as we are building in the area.

Wayleave request

Viberoptix is seeking a wayleave agreement from Dean Parish Council to install telecommunications infrastructure in the village green to facilitate full fibre broadband deliver to residents.

Please see accompanying PDF for details of that wayleave request.
